CEPOP NATIONAL WEBINAR:
COMBATTING THE NATIONAL OPIOID EPIDEMIC
THROUGH SAFE DISPOSAL STRATEGIES

Monday, November 18, 2019

1:00pm – 2:00pm ET

Hear from national leaders on the issue of prescription drug abuse and efforts to combat the opioid epidemic through effective removal and disposal of unused and unwanted prescription opioids from the home. With novel technologies and interventions available to supplant National Drug Takeback Days and in-pharmacy kiosks, at-home drug disposal and deactivation has proven to be effective to spur removal of unused and unwanted drugs from the home and reduce the possibility for misuse, abuse and diversion. Join us to learn more!

Speakers:

Chad Brummett, M.D.

Associate Professor, Anesthesiology and Director, Anesthesia Clinical Research
University of Michigan Medical School
Michigan Opioid Prescribing Engagement Network (OPEN)

Jennifer Cooper, Ph.D.

Principal Investigator, Center for Surgical Outcomes Research & Center for Innovation in Pediatric Practice, Abigail Wexner Research Institute at Nationwide Children's Hospital
Assistant Professor of Pediatrics and Epidemiology, The Ohio State University

General Arthur T. Dean

Chairman and Chief Executive Officer
Community Anti-Drug Coalitions of America (CADCA)
