

INJURY AND VIOLENCE PREVENTION NETWORK

2020 Advocacy Day

WHAT IS IT?

The Safe States Alliance, as chair of the Injury and Violence Prevention Network, invites you to participate in its annual Advocacy Day on March 6, 2020 in Washington, DC. This is the premier advocacy event for injury and violence prevention professionals aimed at educating lawmakers about the impact injury and violence prevention (IVP) programs have on the communities they represent. The day will begin with a breakfast briefing where detailed information will be shared on how to conduct Congressional visits and what to expect from your day in Congress. Safe States will schedule all Congressional visits and provide issue briefs on various injury and violence prevention programs, and you are welcome to bring your own individual and/or organizational materials supporting IVP issues. Please register to attend and join your colleagues on Capitol Hill to strengthen the voice in support of injury and violence prevention policies!

WHO SHOULD ATTEND

- Injury and violence prevention professionals
- Representatives from partner organizations with an interest in injury and violence prevention
- Public health advocates
- Those impacted by injury and violence

HOW TO REGISTER

To reserve your spot and register for the IVPN 2020 Advocacy Day, please visit:
